

*Lasting beauty and timeless quality of natural stone.*

### *Custom Finishes*

#### **Natural Cleft**

The surface of the natural cleft stone features the raw split face of quarried slate. This natural stone texture has a classic look and is perfect for any room.

#### **Brushed**

The natural cleft surface is brushed down to form a softer, more worn feel creating the instant look of an aged stone. (Not available in multicolor)

#### **Honed**

Most often used for counter tops, this stone surface is smooth and polished. This honed surface retains a natural beauty with a semi luster surface.

Virginia Slate Company also carries a diverse line of slate roofing products. And with over 6,000 squares of roofing inventory, we should be able to meet all your slate roofing needs.

# NATURAL FLOORING SLATE

## Historic Black

This charcoal gray stone is a warm color with slight variations in surface textures and tones. Available in natural cleft, brushed, and honed.

## Historic Gray

This is a mid-tone warm gray slate with subtle variations in graining. Honing this stone brings out more variations in color. Available in natural cleft, brushed, and honed.

## Multi-Color

Dominated with dark tones of gray, this slate is mingled with variations of copper, golds and tawny earth tones. This slate is only available in natural cleft.

Slate Planking accentuates the stone with the unusual elongated proportions.

Brushed Historic Gray accented with Historic Black pieces  
The eased surface makes for an inviting room.

Multi-Color Flooring  
This unusual natural combination of colors works well with natural wood tones.

The black and gray slates are often combined for a distinctive appearance.

Mixed Sizes of Flooring Slate  
Slate is available in multiple sizes and patterns.

## VERMONT FLOORING AND LANDSCAPING SLATE

Natural Vermont slate is available in a variety of colors from green, grays, purples, and red. This stone varies in texture and tone creating a truly unique flooring option.

Slate Wall Cladding

Installed in a similar fashion as roofing slate, the wall cladding adds texture and depth to a room.
